Summary

I'm a 2023 graduate of Nanjing Xiaozhuang University and a first-year graduate student of Guangxi Minzu University. I'm taking first-year graduate courses at school. In my free time, I go to the library to study job-related skills, aiming to find a decent programming job when I graduate.

Education

Nanjing Xiaozhuang University
Computer Science
Bachelor
2019-09-05 - 2023-06-20
